## NATIONAL COUNCIL OF ENGINEERING EXAMINERS

The Montana Board of Registration for Professional Engineers and Land Surveyors is a member of the National Council of Engineering Examiners. This organization was founded on November 8, 1920, and membership includes all fifty states, Canal Zone, Guam, Puerto Rico and the Virgin Islands.

The purpose of the council is to provide an organization through which state boards may act and counsel together to better discharge their responsibilities in regulating the practice of engineering as it relates to the welfare of the public in safeguarding life, health and property, as follows:

1. Improvements in engineering registration laws, their administration and effectiveness.
2. Uniformity of standards and practices in engineering registration.
3. General acceptance of inter-board recognition of registration of engineers.
4. By defining and maintaining nationally recognized qualifications for professional engineering registration.

Walter J. Edelblut, Jr.  
Executive Secretary

##### ORGANIZATIONAL RULE

**40-3.86 (1) -08600 BOARD ORGANIZATION** (1) The Board of Professional Engineers and Land Surveyors hereby adopts and incorporates the organizational rules of the Department of Professional and Occupational Licensing as listed in Chapter 1 of this title, see MAC 40-2.1-0100. (History: Sec. 82-4203; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

#### Sub-Chapter 2

##### PROCEDURAL RULES

**40-3.86 (2) -P8610 PROCEDURAL RULES** (1) The Board of Professional Engineers and Land Surveyors hereby adopts and incorporates the procedural rules of the Department of Professional and Occupational Licensing as listed

in Chapter 2 of this title, see MAC 40-2.2 (1)-P200 through MAC 40-2.2 (10)-P2390. (History: Sec. 82-4203; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

## Sub-Chapter 6 SUBSTANTIVE RULES

**40-3.86 (6) -S8620 VACANCIES** (1) If, for any reason, a vacancy shall occur in the Board, the Chairman shall prepare a notice to the Governor asking for the appointment of a new member to fill the unexpired term. A copy of the notice shall be sent to each Board member. If the vacancy shall occur in the office of the Chairman, the Vice-Chairman shall prepare the notice. In such case, the Board shall elect, from its own membership, at the first regular or special meeting following the appointment of the new member, a new Chairman to serve for the balance of the unexpired term. (History: Sec. 82A-1605, 66-2330, 2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-71; Eff. 12-31-72.)

**40-3.86 (6) -S8630 QUORUM** (1) Four members of the Board shall constitute a quorum of any meeting. (History: Sec. 82-A-1605, 66-2331; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S8640 BOARD MEETINGS** (1) **Order of Business:** The order of business at all regular and special meetings of the Board shall be as follows:

- (a) Roll call.
- (b) Reading of minutes.
- (c) Report of committees.
- (d) Report of Secretary and reading of communications.
- (e) Unfinished business.
- (f) New business.
- (g) Reading and consideration of applications.
- (h) Adjournment.

(2) **Procedure:** "Roberts' Rules of Order" shall govern the proceedings of the Board except as otherwise provided herein or by statute.

(3) **Meetings:** An annual meeting shall be held during July each year, the exact time and place to be determined by the Chairman and set forth in a written notice, copy of which shall be mailed to each member at his last address of record at least ten days in advance of the date of the meeting.

(a) A special meeting may be called at any time by order of the Chairman on the written request of any three members of the Board. Notice as prescribed above or telegraphic notice not less than seventy-two (72) hours in advance of the date and time of the meeting, shall be given each member, said notice setting forth the exact time and place of the meeting as determined by the person issuing the call.

(b) Notice less than seventy-two hours in advance of a called special meeting may be given by telephone or other means provided such member, or members of the Board, as are absent from the meeting sign a statement accepting the call in lieu of notice as set out in the preceding paragraph. Attendance at the meeting will be evidence of acceptance of the call by those members present.

(4) **Meeting Attendance:** Any Board member who misses three or more consecutive un-excused meetings shall be proposed to the Governor for consideration of "neglect of duty." (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S8650 SEAL** (1) The seal of the Board shall be an embossed circular seal one and one half inches in diameter, consisting of two concentric circles. The inner circle shall contain the Great Seal of the State of Montana and the seal shall contain the wording "Montana Board of Registration — Professional Engineers and Land Surveyors." (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S8660 APPROVAL OF SCHOOLS** (1) Engineering schools, or colleges approved by the Board are those which require for entrance, graduation from an accredited high school or preparatory school (or equivalent by the

passing of advance standing examination), which offer a minimum of a four year course leading to a degree of bachelor or science in recognized branches of engineering, or its equivalent, and which are either approved by the Engineers' Council for Professional Development or equivalent curricula as approved by the Board.

(2) The Board will review any questions of curricula on an individual basis, using acceptable curricula existing at the time of the individual's study as a guide for evaluation. (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-71.)

**40-3.86 (6) -S8670 BOARD ORGANIZATION** (1) The Board shall elect, from its members a Chairman, Vice-Chairman, and the Secretary at the regular July meeting of each year.

(2) The Chairman shall be the executive officer of the Board. When present, he shall preside at all meetings. He shall appoint such committees as the Board may authorize from time to time. He shall sign all certificates and other official documents. He shall perform all other duties usually pertaining to the office of Chairman and permitted by law.

(3) The Vice-Chairman, in the absence of the Chairman, shall perform the duties delegated to the Chairman in the preceding paragraph, except that the Chairman shall sign all official papers of the Board.

(4) In the absence of the Chairman and the Vice-Chairman from a regular or special meeting of the Board, the remaining members shall elect a Presiding Officer, who shall serve until the conclusion of the meeting or until the arrival of the Chairman.

(5) The Secretary shall be responsible for the supervision of all correspondence, applications and financial records of the Board. (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S8680 AFFILIATION WITH NATIONAL** (1) The Board may affiliate with the National Council of State Boards of Engineering Examiners. Any delegate or delegates to the Council appointed by the Board shall attend the annual meeting of the Council at the expense of the Board. (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S8690 CODE OF ETHICS** (1) The Board will expect all engineers and land surveyors to uphold and advance the honor and dignity of the Engineering and Surveying Profession and Registration law within the ethical standards set forth in both the "Codes of Ethics" included in the application form and as published by the National Society of Professional Engineers. (History: Sec. 82A-1605, 66-2337; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40.386 (6) -S86000 MAINTAIN FINANCIAL AND OTHER RECORDS** (1) The fiscal year of the Board shall begin July 1 and close June 30 of each year. Department shall maintain complete records of financial transactions as prescribed by the State Auditor and by law. (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86010 PREPARATION AND PUBLICATION OF ROSTERS, NOTICES, AND ORDERS** (1) The Secretary of the Board shall oversee the publishing and distribution of a roster each year during the month of April in accordance with Section 66-2335 of the registration law.

(2) The Chairman shall direct meeting notices to be prepared, distributed and published in accordance with, as listed in Chapter 6 of this title, MAC 40-3.86 (6) -S8640.

(3) The Chairman may direct any notice or order issued by the Board or required by law to be prepared, distributed and published. (History: Sec. 82A-1605, 66-2331, 2332, 2335; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86020 APPLICATIONS** (1) **Registration:** Applications received by the Board shall be examined for conformity with the rules and regulations governing applications as established by the Board. Applications accompanied by proper fees and in the form prescribed shall be entered in the

records of the Board. Applications not accompanied by proper fees or not conforming entirely to the rules and regulations shall be returned to the applicant, with instructions as to the correction thereof, or held in abeyance until in proper form as prescribed by the Board.

(a) When applications accompanied by proper fees are accepted and entered in the books of the Board, the references cited in the respective applications shall be contacted in the manner prescribed by the Board. If replies from the references cited are not received within a reasonable time, the applicant shall be notified to that effect.

(b) When all necessary information has been brought together with regard to a given application, each Board member shall be provided with a summary of the applications. The application with all incidental papers shall be immediately brought to the attention of the Board at the first subsequent meeting.

(2) **Form of Application:** All applications for registration shall be made on printed form provided by the Board and no applications made otherwise will be accepted. As a part of the required information, a Supplementary Experience Record shall be submitted on the sheet provided by the Board to which additional sheets may be attached, which shall be of plain white paper, 8½ x 11 inches in size. Such additional sheets shall be typed on one side only. Applications must be clearly typewritten in black, suitable for photostatic copy, and all questions must be answered. An application not properly made out, or not containing all the information provided for, or not accompanied by the required fee will be returned with a statement of the reasons for return. Each copy of the application shall be accompanied by an unmounted, recognizable, recent photograph of the applicant, with date taken or photoengraving of same (size 2 x 2½ inches overall with face not less than ¾ inches wide).

(a) Applications shall be subscribed and sworn to before a notary public or other person qualified to administer oaths.

(b) The conditions set out in the application form, including the Code of Ethics, shall be construed to be a part of the rules and regulations.

(3) **References:** Upon receipt of an application, a copy of the Board's uniform questionnaire and form letter shall be transmitted to five (5) or more references. Applicants will note that three or more of the references shall be Professional Engineers. No member of the Board will be accepted as a reference.

(a) Any Board member may make an independent investigation of the applicant's qualifications and report his findings to the Board.

(b) No statement of a reference will be accepted by the Board unless such statement answers fully the questions submitted by the Board, and bears the signature of the references. Until such time as the required replies from the references are received, the Board will not take action on the application, provided that if the required complete replies are not received by the Board within a period of three (3) months after the date of receipt of the application in the office of the Board the application may be rejected.

(4) **Disposal of Applications:** When the Board, after due consideration of an application and of information pertaining thereto, is satisfied that the applicant is eligible for registration under the particular classification under which the application is made, the applicant will be voted registration. If the finding of the Board is that the applicant is not eligible for registration under the classification under which the application is made, the Board may vote the applicant registration in such other classification as it finds that he is eligible. The applicant will be notified of the action by the Board.

(a) If the Board is unable to determine from the information provided by the applicant whether the applicant is eligible for registration, the application shall be deferred and the applicant requested to furnish such additional information as may be necessary. If after one (1) year from the date of the request for such information, no reply has been received, the application will be rejected and a new application will be required.

(b) If after one (1) year from date of notification of approval, an applicant has not paid the required registration fee, he shall be notified that unless such payment is made within thirty (30) days, a new application for registration must be made under a section of the law applicable on the date the new application is filed, and accompanied by a new application fee.

(5) **Rejected Applications:** If an application is rejected, the Board will advise the applicant in accordance with provisions of the act.

(6) **Reconsiderations and Reapplications:** At any time within one (1) year after date of notice of action by the Board, a request may be made for reconsideration of an application which has been rejected. After one (1) year has expired, a new application is required and must be made under a section of the law applicable on the date this new application is filed.

(a) Reconsideration does not take into account experience or educational progress subsequent to the date of application. Applications are considered as of the date when filed.

(b) A rejected applicant may request reconsideration under the section in which he applied, at any time within one (1) year, without additional fees, but additional or explanatory evidence bearing on the record as filed, and as of the date originally filed, must be furnished to the Board.

(c) An applicant who is registered and applies for registration under a different section should submit a new application accompanied by the usual fee. (History: Sec. 82A-1605, 66-2332, 2337, 2340, 2344; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

#### 40-3.86 (6) S86030 GRANT AND ISSUE LICENSES

(1) **Seals:** Upon approval of his application by the Board, the registrant will be advised that he may secure an official seal, and informed of the requirements of the law with regard to the use of such seal.

(a) Seals for Professional Engineers and Land Surveyors will be furnished by the Board at cost upon request. Seals of two different sizes are authorized; pocket seal, the size commercially designated as a 1½ inch seal; or a desk seal, commercially designated as a 2 inch seal. The seal will bear the registrant's name, serial number, and the legend "Registered Professional Engineer," "Registered Land Surveyor," or "Registered Professional Engineer and Land Surveyor."

(b) For stamping plans, specifications, and reports, registrants are authorized to have a rubber stamp copy made of their official seal; however, the title page of all sets of plans and all documents filed with public authorities must bear the imprint of the official seal.

(2) **Certificate of Registration:** A certificate of registration will be issued by the Board after approval of an application, payment of registration fee (if required), and verification of the applicant's usual written signature. The certificate shall be signed by the Chairman and the Secretary and shall bear the serial number of the registrant.

(a) Applicants approved for registration as Professional Engineers and Land Surveyors shall receive one certificate of registration authorizing the practice of Professional Engineering and Land Surveying.

(b) The application of any applicant who fails to complete his registration as provided herein above within a period of six (6) months after notice is mailed to him by the Board that he has been voted registration, shall be rejected upon action of the Board.

(3) Experience of practice in engineering work or land surveying "of a character satisfactory to the Board" shall mean experience which the Board deems to be Professional Work, or its equivalent, as defined herein, of which at least one (1) year must have been spent in actual responsible charge of Professional Work.

(a) Each year of experience in Sub-Professional Work, as defined herein may be credited as one-half (½) year toward the requirement of experience or practice of a character satisfactory to the Board. Only experience of the applicant which is classified as Sub-Professional or Professional Work by the Board will be considered.

(4) Sub-Professional Work shall be construed to cover the time spent as Rodman, Chainman, Instrumentman, Inspector, Recorder, Draftsman, Computer, Tester, Superintendent of Construction, or Clerk of the Works, Junior Engineer, or similar work; that is, positions in which the responsibility is slight and the individual performance of a task, set and supervised by a superior, is all that is required. It shall also include experience attained before the applicant is twenty-one (21) years of age, except as modified by the statement in regard to education in the defined Professional Work.

(5) Professional Work shall include the time after the applicant is twenty-one (21) years of age, during which he has been occupied in engineering or land surveying work of a higher grade and responsibility than the above defined as Sub-Professional Work. A graduate of an approved engineering

curriculum applying for registration under section 66-2336 (1) (a); or in the case of an applicant for registration as a Land Surveyor, a graduate of an approved school applying for registration under section 66-2336 (3) (a), will not list as experience the time spent in undergraduate training. Where the applicant does not apply under section 66-2336 (1) (a), or 66-2336 (3) (a), education may be considered as Professional Work. Each academic year completed in an engineering school approved by the Board shall be rated as one (1) year of Professional Work. Graduation from a course other than engineering from a college or university of recognized standing may be considered as two (2) years of Professional Work. However, not more than four (4) years of Professional Work shall be credited because of undergraduate educational qualifications. The Board may, at its discretion, give not more than one (1) year of credit for Professional Work for satisfactory graduate study in engineering.

Time spent in teaching of engineering subsequent to graduation shall be considered Professional Work. The mere execution, as a contractor of work designed by an engineer, or mere supervision of construction of such work as foreman or superintendent shall not be deemed to be Professional Work.

**(6) Responsible Charge of Professional Work Means:**

(a) In the field, the applicant must have had the direction of work, the successful accomplishment of which rested upon him, where he had to decide questions of methods of execution and suitability of materials, without relying upon advice or instructions from his superiors, and of supplying deficiencies in plans or correcting errors in design without first referring them to higher authority for approval, except in cases where such approval is a mere matter of form.

(b) In the office, the applicant must have had to undertake investigations, or carry out important assignments, demanding resourcefulness and originality, or to make plans, write specifications and direct drafting and computation for designs or engineering, with only rough sketches, general information and field measurements for reference and guidance.

(c) In teaching, the applicant must have taught in an engineering school of recognized standing, and must have had, at least, a grade of assistant professor, or its equivalent.

(7) The Board, in passing on each of these requirements as defined, will carefully weigh the evidence of experience submitted by the applicant and the replies received from his references.

(8) Each applicant for registration under section 66-2336(3)c, (1)c, unless otherwise exempt by the Board, shall be required to submit plans, drawings, specifications, field notes, maps, design computations, and such reports of engineering or land surveying work accomplished by him, as may be required by the Board, and will be required to appear before the Board for a personal interview. The applicant must be prepared to discuss the data submitted for the purpose of demonstrating to the Board that he has acquired education, knowledge, and experience approximating that required under sections 66-2336 (1) (a), 66-2336 (1) (b), 66-2336 (3) (a), and 66-2336 (3) (b). These documents shall be submitted by the applicant in time for review by the Board prior to the meeting at which the interview occurs (History: Sec. 82A-1605, 66-2332, 2326, 2336, 2399, 2345; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

#### **40.386 (6) -S86040 PREPARATION OF LICENSES**

(1) **Registration Number:** At the time an applicant is voted registration by the Board, he will be assigned a serial number. These numbers will be issued consecutively in the order in which the applications are approved by the Board. The applicant will be advised of his serial number in the notice sent him. (History: Sec. 82A-1605, 66-2332, 2339; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86050 EXAMINATIONS** (1) After July 15, 1957, registration as a Professional engineer under section 66-2336 (1) (a) and (1) (b) and as Land Surveyor under section 66-2336 (3) (b) will be by examination as designated below.

(2) Examinations will be held at such time and place as the Board may designate. Applicants of which examinations will be required will be notified of the time and place at least thirty (30) days in advance. The examination is divided into two parts as follows:

(a) **Part I**, which is written, is the Engineering Fundamentals Training examinations. This examination will cover fundamentals of engineering, and may be with or without books. Time allowed is eight hours. The Engineering Fundamentals is credited with this part of the registration examination, and need not repeat it when applying for registration.

(i) The Engineering Fundamentals Examination for noncivil engineers is waived for graduates of 1957 or earlier.

(b) **Part II**, which is written, will cover the practice of Professional Engineering or the practice of Land Surveying or both as the case may be. The time allowed is eight hours.

(3) The examination for registration as Professional Engineer will consist of Part I and Part II.

(4) A passing grade of seventy (70) percent in each part of the examination will be required.

(5) A candidate failing to pass any part of the examinations may take that part again at a subsequent examination period. (History: Sec. 82A-1605, 66-2332, 2336, 2338; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86060 RENEWALS** (1) Certificates of registration shall expire on the last day of the month of December following their issuance or renewal and shall become invalid on that date unless renewed, provided, however, that certificates issued prior to January 1, 1958, shall expire December 31, 1958. It shall be the duty of the Board to notify every person registered under the act, of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be affected at any time during the month of December by the payment of a fee of ten (\$10.00) dollars for either a Professional Engineer or Land Surveyor or both. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal but the fee to be paid for the renewal of a certificate after the month of December shall be increased to ten percent for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fee. (History: Sec. 82A-1605, 66-2332, 2340; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72-Eff. 12-31-72.)

**40-3.86 (6) -S86070 RECIPROCITY** (1) Registration by Endorsement: The Board may, without written examination, upon application therefore and payment of proper fee, issue a certificate of registration as a Professional Engineer to any person who submits evidence that he holds a certificate of Qualification or Registration issued to him by proper authority of the National Bureau of Engineering Registration operated by the National Council of State Board of Engineering Examiners, or of any State or Territory or Possession of the United States, or of any country provided that the applicant's qualifications meet the requirements of the act and of the rules established by the Board. Such applicants shall, as part of their application, complete and send to the Board the standard application form.

(a) When application for registration by endorsement is made the Montana Board shall secure from the examining board by which the certificate of registration involved was issued, complete information as to the basis for the issuance of said certificate, provided, however, that if the applicant presents evidence of a certificate issued by the National Bureau of Engineering Registration bearing thereon as an endorsement proper authorization by the authorized official of the State Board of Engineering Registration of the state in which the holder of the certificate is a resident, such inquiry may be omitted.

(b) All non-resident applicants who are not registered in their home state or who registered under standards lower than Section 66-2336 of the act shall not be eligible for registration by endorsement.

(c) The Board will, upon application for reciprocal registration by one of its registrants, certify as to his qualifications.

(2) **Non-Registered, Non-Residents:** Applications for registration as Professional Engineer and/or Land Surveyor from persons who are not resi-

dents of Montana and who are not registered in their home state or country will not be approved by the Board.

(3) **Registration by Reciprocity Without Examination:** An out-of-state registrant, who has not entered his registration by examination, will generally be granted registration in Montana without examination as follows:

(a) Engineers holding a certificate of qualification issued by the National Council of State Boards of Engineering Examiners, or by the National Bureau of Engineering Registration.

(b) Engineers registered under a provision of the law permitting registration to applicants who have graduated from a school or college in an engineering curriculum of four (4) years or more of experience in engineering work of a character satisfactory to the Board; provided the certificate or registration was issued prior to July 1, 1948, for civil engineers and July 1, 1957, for others.

(c) Engineers registered under a provision of the law permitting registration to applicants who have a specific record of twelve (12) years or more of lawful practice, in engineering work of a character satisfactory to the Board, of which at least five (5) years has been in responsible charge of important work, provided such registration was granted under requirements not lower than those of the Montana Law and the bylaws and rules of this Board.

(4) **Non-Resident Practice in Montana:** A person not a resident of and having no established place of business in this state, practicing or offering to practice within the profession of Professional Engineering or Land Surveying when such practice does not exceed thirty (30) calendar days in any calendar year shall not be required to register in Montana, provided:

(a) Such person is legally qualified by registration to practice the said profession in his own State or Country in which the requirements and qualifications under which he registered were not lower than those of this state.

(b) Such person notify the Board of his desire to practice in this state prior to making an agreement for such practice and setting forth the name of the client, description of the job, date such practice will start and cease.

(c) Such person submit evidence of legal registration in his own state, and receive the approval of the Board for such practice.

(d) Such person notify the Board at the completion of practice in this state of the exact date such practice started and ended.

(e) Such person shall remit twenty dollars (\$20.00) with his permit form. (History: Sec. 82A-1605, 66-2332, 2344; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86080 DUPLICATE OR LOST LICENSES** (1) A registrant requesting a new certificate of registration to replace a certificate shall surrender to the Board if possible, the original certificate held by him and shall file with his request a sworn affidavit setting out the reason for his request so that the Board records will reflect the reason for its issuance of a new certificate. (History: Sec. 82A-1605; 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86090 FEES SCHEDULE** (1) **Fees:** Fees shall be transmitted by money order or certified check payable to Montana State Board of Registration for Professional Engineers and Land Surveyors. The Board assumes no responsibility for loss in transit of such remittances. Applications not accompanied by the proper fee will be returned to the applicant.

(2) In every case should the Board deny the issuance of a certificate to any applicant, the initial fee deposited shall be retained by the Board as an application fee.

(3) The annual renewal fee for registration as a Professional Engineer, Land Surveyor, or Professional Engineers and Land Surveyors shall be ten dollars (\$10.00). (History: Sec. 82A-1605, 66-2332; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86100 SUSPENSIONS AND REVOCATIONS** (1) Under the provisions of the act, certificates of registration may be revoked by the Board for cause and after proper hearings as fully set out in section 66-2345 of the act.

(2) When a certificate of registration is revoked, the individual shall surrender to the custody of the Secretary, his certificate, pocket registration card, and seal. (History: Sec. 82A-1605, 66-2332, 2345; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) -S86110 COMPLAINT PROCESS (1) Complaint Against a Registrant:** Anyone wishing to enter a complaint against a registered Professional Engineer and/or Land Surveyor, shall do so on Form 31072, provided by the Board, see the following page 40- as listed in Chapter 86, Sub-Chapter 6, MAC 40-3.86 (6) -S86120 (1).

(2) Anyone wishing to enter a complaint against any person practicing or offering to practice engineering and/or land surveying, as defined within the registration law, may do so through their local law officers.

(3) The Board will, within its authority, assist any person wishing to enter any complaint against any violator of this act. (History: Sec. 82A-1605, 66-2332, 2345; R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**40-3.86 (6) S86120 SAMPLE OF STANDARD FORM (1)** The following sample form 31072 on page 40- is to be used as listed in Chapter 86, Sub-Chapter 6, per rule MAC40-3.86 (6) -S86110 (1). (History: Sec. 82-4203, R.C.M. 1947; Order MAC No. 40-1; Adp. 12-31-72; Eff. 12-31-72.)

**66-2324 REGISTRATION REQUIRED.** That in order to safeguard life, health, and property, and to promote the public welfare, any person in either public or private capacity practicing or offering to practice engineering or land surveying, shall hereafter be required to submit evidence that he is qualified so to practice and shall be registered as hereinafter provided; and from and after the first day of January, 1958, it shall be unlawful for any person to practice or to offer to practice in this state, engineering or land surveying, as defined in this act, or to use in connection with his name or otherwise assume, use or advertise any title or description tending to convey the impression that he is a professional engineer or a land surveyor, unless such person has been duly registered under the provisions of this act. (History: En. Sec. 1, Ch. 150, L. 1957.)

**66-2326 DEFINITIONS.** Unless the context requires otherwise, in this act:

“Engineer” or “professional engineer” means a person who, by reason of his special knowledge of the mathematical and physical sciences and the principles and methods of engineering analysis and design, acquired by professional education and practical experience, is qualified to practice engineering, as attested by his legal registration as a professional engineer.

“Engineer-in-training” means a candidate for registration as a professional engineer who is a graduate in an engineering curriculum of four (4) years or more from a school or college approved as of satisfactory standing by the engineers council for professional development or its successor as an agency evaluating professional engineering curricula, or equivalent curricula approved by the board, or who has had four (4) years or more of experience in engineering work of a character satisfactory to the board; and who, in addition, has successfully passed the examination in the fundamental engineering subjects under section 66-2338, and who has received a certificate stating that he has successfully passed this portion of the professional examinations.

“Practice of engineering” means any professional service or creative work requiring engineering education, training, and experience and the application of special knowledge of the mathematical, physical, and engineering sciences to professional services or creative work such as consultation, investigation, evaluation, planning, engineering planning service performed in connection with city, county regional, and state planning, design, and supervision of construction for the purpose of assuring compliance with specifications and design, in connection with public or private utilities, structures, buildings, machines, equipment, processes, works, or projects, and including

architectural work incidental to the practice of engineering. The term does not include the work ordinarily performed by persons who operate or maintain machinery, equipment, communication lines, signal circuits, electric power lines, or pipelines.

"Land surveyor" means a person who engages in the practice of land surveying.

"Practice of land surveying" includes surveying of areas for their correct determination and description and for conveyancing, or for the establishment or re-establishment of land boundaries and the plotting of land and subdivision.

"Board" means the board of professional engineers and land surveyors, provided for in section 82A-1602.11.

"Department" means the department of professional and occupational licensing, provided for in title 82A, chapter 16." (History 1974 Cod. and Gen. Rev. \*.)

**66-2327 BOARD — MEMBERS — TERM.** Section 215. Section 66-2327, R.C.M. 1947, is renumbered 82A-1602.11, and is amended to read as follows:

There is a board of professional engineers and land surveyors.

The board consists of seven (7) members appointed by the governor. The members are:

(a) Five (5) professional engineers who have been engaged in the practice of engineering for at least twelve (12) years, and who have been in responsible charge of important engineering work for at least five (5) years, or responsible charge of engineering teaching for at least five (5) years. No more than two (2) of these members may be from the same branch of engineering.

(b) Two (2) registered and practicing land surveyors.

Each member shall be a citizen of the United States, and a resident of this state. Each newly appointed member shall have qualifications similar to the member whose term has expired. A member may not serve more than two (2) consecutive terms.

Each member shall serve for a term of five (5) years. The governor may remove a member for misconduct, incompetency, neglect of duty, or for any other sufficient cause." \* (History: 1974 Cod. and Gen. Rev.)

**66-2329 BOARD — COMPENSATION AND EXPENSES.** Each member of the board shall receive per diem when actually attending to the work of the board or any of its committees and for the time spent in necessary travel. Such per diem shall be fixed by the board in its sound discretion, but it shall not exceed twenty-five dollars (\$25.00) per day. In addition thereto, each member shall be reimbursed for all actual traveling, incidental, and clerical expenses necessarily incurred in carrying out the provisions of this act. (History: En. Sec. 6, Ch. 150, L. 1957.)

**66-2331 BOARD — ORGANIZATION — MEETINGS.** The board shall hold a meeting within thirty days after its members are first appointed, and thereafter shall hold at least two regular meetings each year. Special meetings shall be held at such time as the rules and regulations of the board may provide. Notice of all meetings shall be given in such manner as the rules and regulations may provide. The board shall elect annually the following officers: A Chairman, a vice-chairman, and a secretary. A quorum of the board shall consist of not less than three members. (History: En. Sec. 8, Ch. 150, L. 1957.)

**66-2332 BOARD POWERS.** The board shall have the power to adopt and amend all rules and regulations and rules of procedure, not inconsistent with the constitution and laws of this state, which may be reasonably necessary for proper performance and its duties and the regulations of the proceedings before it. The board shall adopt and have an official seal.

In carrying into effect the provisions of this act, the board, under the hand of its chairman and the seal of the board may subpoena witnesses and compel their attendance, and also may require the production of books, papers, documents, etc., in a case involving the revocation of registration or practicing or offering to practice without registration. Any member of the board may administer oaths of affirmations to witnesses appearing before the board. If any person shall refuse to obey any subpoena so issued or shall refuse to testify or produce any books, papers or documents, the board may present its petition to the district court, setting forth the facts, and thereupon such court shall, in a

proper case, issue its subpoena to such person, requiring his attendance before such authority and there to testify or to produce such books, papers and documents, as may be deemed necessary and pertinent by the board. Any person failing or refusing to obey the subpoena or order of the said court may be proceeded against in the same manner as for refusal to obey any other subpoena or order of said court. The practice of engineering or land surveying as defined herein, without a license is hereby declared to be a public nuisance. (History: En. Sec. 9 Ch. 150, L. 1957; amd. Sec. 3, Ch. 282, L. 1969.)

**66-2333 RECEIPTS AND DISBURSEMENTS, ASSISTANTS.** The department shall collect all moneys under this act, and shall deposit these moneys in the earmarked revenue fund for the use of the board. \* (History: 1974 Cod. and Gen. Rev.)

**66-2334 RECORDS AND REPORTS REGISTER.** The department shall keep a record of its proceedings and a register of the board's proceedings and a register of applicants for registration, which shall show (a) the name, age, and residence of each applicant; (b) the date of the application; (c) the place of business of the applicant; (d) his educational and other qualifications; (e) the branch or branches of engineering in which the applicant qualified; (f) whether an examination was required; (g) whether the applicant was rejected; (h) whether a certificate or registration was granted; (i) the date of the action of the board; and (j) other information considered necessary by the board.

The records of the department are prima facie evidence of the proceedings of the board and a transcript thereof, certified by the department, is admissible in evidence as if the original were produced. \* (History: 1974 Cod. and Gen. Rev.)

**66-2335 ROSTER.** A roster showing the names and places of business of registered professional engineers and registered land surveyors shall be published by the department during the month of April each year. Copies of this roster shall be mailed to each person registered placed on file with the secretary of state, the clerk of each incorporated city and town and in the office of each county clerk and recorder within the state, and furnished to the public on request. \* (History: 1974 Cod. and Gen. Rev.)

**66-2336 REQUIREMENTS FOR REGISTRATION.** The following shall be considered as minimum evidence satisfactory to the board that the applicant is qualified for registration as a professional engineer, or land surveyor, or for certification as an engineer-in-training, respectively:

(1) As a professional engineer:

a. Graduation in an engineering curriculum of four years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula or equivalent curricula as approved by the board; and a specific record of an additional four years or more of experience in engineering work of a character satisfactory to the board, and indicating that the applicant is competent to practice engineering (in counting years of experience, the board at its discretion may give credit, not in excess of one year, for satisfactory graduate study in engineering), and by successfully passing an oral or written examination, or both, as the board may determine; or

b. A specific record of eight years or more of experience in engineering work of a character satisfactory to the board, and successfully passing a written, or written and oral, examination designated to show that the applicant is competent to practice engineering; or

c. A specific record of twelve years or more of lawful practice in engineering work of a character satisfactory to the board and indicating that the applicant is competent to practice engineering and has had responsible charge of important professional engineering work for at least five years, and provided applicant is not less than thirty-five years of age.

(2) As an engineer-in-training:

a. Graduation in an engineering curriculum of four scholastic years or more from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula, or equivalent curricula approved by the board and successfully passing a written examination in the basic engineering subjects.

b. A specific record of four years or more of experience in engineering work of a character satisfactory to the board, and successfully passing a written examination in the basic engineering subjects.

(3) As a land surveyor:

a. Graduation from a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula, including the completion of an approved course in surveying or equivalent surveying courses approved by the board, and an additional two years or more of experience in land surveying work of a character satisfactory to the board indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral, examination in surveying prescribed by the board; or

b. A specific record of six years or more of experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral, examination in surveying prescribed by the board; or

c. Registration by comity or endorsement a person holding a certificate of registration to engage in the practice of land surveying issued on comparable qualifications from a state, territory, or possession of the United States, will be given comity consideration. However, he may be asked to take such examinations as the board deems necessary to determine his qualifications, but in any event he shall be required to pass a written examination of not less than four hours' duration, which, shall include question on laws, procedures, and practices pertaining to practice in this state.

(4) The board may require any applicant to take a written or oral examination or both.

No person shall be eligible for registration as a professional engineer, or land surveyor, or certification as an engineer-in-training, who is not of good character and reputation.

In considering the qualification of applicant, engineering teaching may be construed as engineering experience.

The satisfactory completion of each year of an approved curriculum in engineering in a school or college approved as of satisfactory standing by the engineers' council for professional development, or its successor as an agency evaluating professional engineering curricula or equivalent curricula approved by the board, without graduation, shall be considered as equivalent to a year of experience in section 66-2336 (1) b and (2) b. Graduation in a curriculum other than engineering from a college or university of recognized standing may be considered as equivalent to two years of experience in section 66-2336 (1) and (2) b; provided, however, that no applicant shall receive credit for more than four years of experience because of undergraduate educational qualifications.

The mere execution, as a contractor, or work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent shall not in itself be deemed to be qualifying engineering experience.

Any person having the necessary qualifications prescribed in this act to entitle him to registration shall be eligible for such registration although he may not be practicing his profession at the time of making his application. (History: En. Sec. 13, Ch. 150, L. 1957; amd. Sec. 4 Ch.. 282, L. 1969.)

**66-2337 APPLICATION FOR REGISTRATION FEES.** Applications for registration shall be on forms prescribed by the board and furnished by the department, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers or land surveyors having personal knowledge of his engineering or land surveying experience.

The registration fee for professional engineers is thirty-five dollars (\$35), twenty dollars (\$20) of which shall accompany application, the remaining fifteen dollars (\$15) to be paid on issuance of a certificate. When a certificate of a qualification issued by the national bureau of engineering registration is accepted as evidence of qualification, the total fee for registration as professional engineer is twenty dollars (\$20).

The fee for engineer-in-training is twenty dollars (\$20), which shall accompany the application and shall include the cost of examination and issuance of a certificate. When certification as an engineer-in-training by another state, or a territory or possession of the United States or country, is accepted as evidence of qualification, the fee for engineer-in-training is five dollars (\$5). When registration as a professional engineer is completed by an engineer-in-training, and additional fee of fifteen dollars (\$15) shall be paid before issuance of a certificate as a professional engineer.

The registration fee for land surveyors is thirty-five dollars (\$35), which shall accompany the application. The fee for registration as both a professional engineer and land surveyor is fifty (\$50), thirty-five dollars (\$35) of which shall accompany the application, the remaining fifteen dollars (\$15) to be paid on issuance of a certificate.

If the board denies issuance of a certificate of registration to any applicant the initial fee deposited shall be retained as an application fee. (History: 1974 Cod. and Gen. Rev. \*)

**66-2338 EXAMINATION.** The board may require an applicant to take a written or oral examination which shall be held at a time and place the board determines. The board may require a registrant to take a written or oral examination, or both, in a proceeding to revoke, reprimand, suspend, or refuse to renew. When examinations are required on fundamental engineering subjects (such as are ordinarily given in college curricula), the applicant may take this part of the professional examination prior to his completion of the requisite years of experience in engineering work, and satisfactory passage of this portion of the professional examination by the applicant constitutes a credit for a period of ten (10) years. The department shall issue to each applicant successfully passing the examination in fundamental engineering subjects a certificate stating that he has passed the examination and that his name has been recorded as an engineer-in-training.

The scope of the examinations and the methods of procedure shall be prescribed by the board, but, with special reference to the applicant's ability to design and supervise engineering works, to ensure the safety of life, health, and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration separately in engineering and in land surveying. A candidate failing an examination may apply for re-examination at the expiration of six (6) months and will be re-examined without payment of additional fee. Subsequent examinations will be granted on payment of a fee determined by the board. (History: 1974 Cod. and Gen. Rev. \*)

**66-2339 CERTIFICATE OF REGISTRATION SEAL.** The department shall issue a certificate of registration, on payment of the registration fee to an applicant who, in the opinion of the board, has satisfactorily met the requirements of this act. In the case of a registered engineer, the certificate shall authorize the "practice of engineering." In the case of an engineer-in-training, the certificate shall state that the applicant has successfully passed the examination in fundamental engineering subjects required by the board and has been enrolled as an "engineer-in-training." In the case of a registered land surveyor, the certificate shall authorize the "practice of land surveying." Certificates of registration and certificates as engineer-in-training shall show the full name of the registrant, shall have a serial number, and shall be signed by the chairman, and secretary of the board under seal of the board.

The issuance of a certificate of registration by the department is prima facie evidence that the person named is subject to the responsibilities and entitled to all the rights and privileges of a registered professional engineer or of a registered land surveyor, while the certificate remains unrevoked or unexpired.

A registrant shall on registration obtain a seal of the design authorized by the board, bearing the registrant's name and the legend, "Registered Professional Engineer," "Registered Land Surveyor." Plans, specifications, plats, and reports prepared by a registrant shall be stamped with the seal when filed with public authorities, during the life of the registrant's certificate. It is unlawful for anyone to stamp or seal documents with the seal after the certificate of the registrant named has expired or has been revoked, unless the certificate has been renewed or reissued. (History: 1974 Cod. and Gen. Rev. \*)

**66-2340 EXPIRATION AND RENEWALS FEE.** Certificates of registration expire on December 31 and become invalid on that date unless renewed. The department shall notify every person registered under this act, of the date of the expiration of his certificate and the amount of the fee required for its renewal for one (1) year. This notice shall be mailed at least one (1) month in advance of the date of the expiration of the certificate. Renewal may be made during the month of December by a payment of a fee of ten dollars (\$10) for either a professional engineer or land surveyor or both. Failure on the part of a registrant to renew his certificate annually in the month of December does not deprive him of the right of renewal, however, a registrant who fails to pay the renewal fee for two (2) consecutive years shall be considered a new applicant and is required to submit a new application. (History: 1974 Cod. and Gen. Rev. \*)

**66-2341 PERSONS PRESENTLY REGISTERED AS CIVIL ENGINEER AND/OR LAND SURVEYORS.** No person who heretofore has been duly registered as a civil engineer and/or land surveyor under the laws of Montana and whose registration has not been revoked shall be required to register again under this act and his former registration shall be fully recognized under the provisions of this act. All certificates including those for engineer-in-training heretofore issued and not revoked shall have the same force and effect as if they had been issued under the provisions of this act, and shall be subject to the same rules, terms and conditions as are the certificates provided for in this act (History: En. Sec. 18, Ch. 150, L. 1957.)

**66-2343 ENGINEERING PLANS AND SPECIFICATIONS FOR PUBLIC WORKS.** All engineering plans and specifications for public works of the state of Montana, or any agency thereof, or of any county, city, or school district of the state, shall bear the seal and signature of the engineer responsible therefor. (History: En. Sec. 20, Ch. 150, L. 1957.)

**66-2344 REGISTRATION OF PERSONS REGISTERED BY OTHER STATES OR AUTHORITIES.** The department, subject to approval by the board, may, on application and payment of a fee of twenty dollars (\$20), issue a certificate of registration as a professional engineer to a person who holds a certificate of qualification or registration issued to him by the national bureau of engineering registration, or of a state, territory, or possession of the United States, or of a country, if the applicant's qualifications meet the requirements of this act and the rules of the board." (History: 1974 Cod. and Gen. Rev. \*)

**66-2345 REVOCATION OF REGISTRATION — HEARINGS — RE-ISSUANCE OF CERTIFICATE.** The board may revoke, reprimand, suspend, or refuse to renew the certificate of a registrant found guilty of:

- a. Fraud or deceit in obtaining a certificate of registration;
- b. Gross negligence, incompetency, or misconduct in the practice of engineering or land surveying as a registered professional engineer or land surveyor.

- c. A felony; or
- d. Failure of a land surveyor to comply with the Corner Recordation Act.

Any person may make charges of fraud, deceit, gross negligence, incompetency, or misconduct against a registrant. The charges shall be made by affidavit, and subscribed and sworn to by the person making them, and filed with the department.

Charges, unless dismissed by the board as unfounded or trivial, shall be heard by the board within three (3) months after the date on which they were made.

If, after hearing, four (4) or more members of the board vote in favor of sustaining the charges, the board shall reprimand, suspend, refuse to renew, or revoke the certificate of registration of the registered professional engineer or land surveyor.

The board, for reasons it considers sufficient, may reissue a certificate of registration to a person whose certificate has been revoked if four (4) or more members of the board vote in favor of the reissuance. A new certificate of registration, to replace a certificate revoked, lost, destroyed, or mutilated, may be issued by the department, subject to the rules of the board, and a charge of three dollars (\$3) shall be made for the issuance. (History: 1974 Cod. and Gen. Rev. \*)

**66-2346 VIOLATIONS PENALTIES ENFORCEMENTS.** A person who practices or offers to practice, engineering or land surveying in this state without being registered under this act, or a person presenting or attempting to use as his own the certificate of registration or the seal of another, or a person who gives false or forged evidence to the board or department in obtaining a certificate of registration, or a person who falsely impersonates another registrant, or a person who attempts to use an expired or revoked certificate of registration, or a person who violates this act, is guilty of a misdemeanor, and shall, on conviction, be fined not less than one hundred dollars (\$100), nor more than five hundred (\$500), or imprisoned for a period not exceeding three (3) months, or both.

All officers of the law of this state, or a political subdivision thereof, shall enforce this act and prosecute persons violating it. The attorney general shall act as legal adviser of the board and render legal assistance necessary in carrying out this chapter. (History: 1974 Cod. and Gen. Rev. \*)

**66-2347 PRACTICE TO WHICH ACT INAPPLICABLE.** This act does not prevent or affect:

(1) The practice of any other legally recognized professions or trades;  
(2) The mere execution of work by a contractor as distinguished from its planning or design or the supervision of the construction of work as a foreman or superintendent;

(3) The practice of a person not a resident of and having no established place of business in this state, practicing or offering to practice in this state the profession of engineering, when the practice does not exceed in the aggregate more than thirty (30) days in a calendar year; if the person is legally qualified by registration to practice the profession in his own state or country in which the requirements and qualifications for obtaining a certificate of registration are not lower than those specified in this act;

(4) The practice of a person not a resident of and having no established place of business in this state, or who has recently become a resident, practicing or offering to practice engineering or land surveying in this state for more than thirty (30) days in a calendar year, if he has filed with the department an application for a certificate of registration and has paid the fee required by this act, and if the person is legally qualified by registration to practice engineering or land surveying in his own state or country in which the requirements and qualifications for obtaining a certificate or registration are not lower than those specified in this act. This practice may continue only for the time the board requires for the consideration of the application for registration;

(5) The performance of professional engineering functions or work by a person who is an employee or acts under the supervision and direction of a professional engineer, if the person is not in responsible charge of engineering work;

(6) The practice of professional engineering by licensed architects where the practice is purely incidental to their practice of architecture;

(7) The practice of officers and employees of the federal government while engaged in this state in the practice of engineering or land surveying, for the government; or

(8) The practice of professional engineering or land surveying in this state by a firm, copartnership, corporation, or joint stock association, or by its members, officers, or employees on its behalf, if each person in responsible charge of activities of the firm, copartnership, corporation, or joint stock association which constitutes the practice is a professional engineer or land surveyor holding a certificate of registration under this act. (History: 1974 Cod. and Gen. Rev.)
